

ROADS LIFT EMBARGO, IN FEAR OF CONGRESS

LINEMEN STRIKE IN SYMPATHY WITH SEVEN LOCKED OUT

Union and Unorganized Workmen Out in Eight Counties

400 INVOLVED

Pacific Light and Power Corporation Gets Electricity From Fresno Co.

SAN BERNARDINO, Cal., Sept. 1.—Four hundred linemen and patrolmen employed by the Pacific Light and Power Corporation went on strike today in sympathy with the seven men who were locked out here August 15, when they refused to accede to demands that they withdraw from the union, according to a statement tonight by H. G. Green, district organizer for the linemen.

The strikers were employed in Central and Southern California counties, Green said. Union and unorganized linemen went out together, Green asserted. The districts affected included Los Angeles, San Bernardino, Riverside, Ventura, Kern, Kings and Fresno counties, he said.

The demands resulting in the lock-out here were made just a week after 150 linemen of the Southern Sierras Power Company went on strike to enforce demands for shorter hours and increased pay. The latter are still out.

"Just 25 Men"

LOS ANGELES, Cal., Sept. 1.—Approximately 25 men went on strike today, according to J. L. Hoke, general superintendent of the line and construction department of the Pacific Light and Power Company. Most of these were employed in the vicinity of San Bernardino, he said.

He denied the strike affected any other counties and asserted the company had sufficient men to keep its power lines in working order.

SEBASTIAN OUT BY RESIGNATION

Turbulent Term of Los Angeles Mayor Finally Ends

LOS ANGELES, Cal., Sept. 1.—Mayor Charles E. Sebastian admitted late tonight he had written his resignation. It is to be effective immediately, he said.

"My doctors have advised me that my health demands that I quit at once," the mayor said.

LOS ANGELES, Sept. 1.—Mayor Charles E. Sebastian has written his resignation and it will be presented to the city council tomorrow morning for consideration, according to a statement tonight by Lee Stephens, city attorney. No reason has been given.

Sebastian and he had called a special meeting of the council for early tomorrow morning to act on the resignation. Martin P. Betkouski, president of the city council, admitted tonight the resignation would be accepted and that a temporary mayor would be appointed.

The city attorney said he had not seen the resignation, but "knew that it was in the hands of one of the leading businessmen of the city," whose name, he said, he could not disclose.

Efforts to locate the mayor tonight had been fruitless up to late hour.

Sebastian appeared in police court today as the complaining witness in a criminal libel charge against Dana Sleeth, managing editor of the Los Angeles Record. The action was based on the publication Wednesday of three news items which had been written by Sebastian to Mrs. Lillian Pratt, with whom Sebastian was jointly indicted more than a year ago on a statutory charge. Both were acquitted after a trial lasting less than a month.

Charges Revived. The charges on which the mayor was tried were revived recently by the Record, which quoted a statement by Thomas O'Neil, at one time personal bodyguard of the mayor, re-opening the old case.

Sebastian and Mrs. Pratt were indicted in the same time Mrs. Pratt made a statement that "Mrs. Martha Oliver, her sister, had offered her \$500 to get Sebastian."

Sebastian indicted. The investigation was punctuated by sharp exchanges between Sebastian and the associate and the district attorney's office, and led to the indictment of Sebastian and his personal attorney, Earl Rogers, on a charge of attempted intimidation of a grand jury. This indictment was taken after the acquittal of Sebastian and Mrs. Pratt of the dependency charge.

The Berklin girl, in her testimony at the trial, claimed for a period of eighteen months, her sister, Mrs. Pratt, had been meeting Sebastian at a rooming house adjoining the police station and that she frequently accompanied Mrs. Pratt to these visits.

CRISIS IN GREECE; ALLIES THREATEN; HAS KING QUIT?

Uprising at Saloniki and Elsewhere Overturns Constantine's Garrisons; Venizelos Rules

Unofficial dispatches reaching London, which apparently have been uncensored, indicate that Greece has abandoned her neutrality and thrown her lot on the side of the Entente Allies. Whether Greece has already declared war is problematical, as is the nation or nations to whom she has thrown down the gauntlet.

It is reported that King Constantine of Greece has abdicated and that the Crown Prince has been named as his successor, with former Premier Venizelos as the power behind the throne. The British Foreign Office says it has no confirmation of the King's abdication.

An Entente fleet of twenty-three warships and seven transports is reported off Piraeus, the port of Athens. A dispatch from Athens says it is probable that the Greek elections, set for October 8, will be postponed for a fortnight.

The Greek garrisons at Saloniki, at Voden and at Little Karaburum have surrendered to a committee which has taken over the administration of part of Greek Macedonia, according to dispatches from Saloniki. The British Foreign Office, Greece's friendly to the Entente, surrounded the barracks of the Greek infantry in Saloniki and are said to have exchanged shots with them. General Sarraff, Allied commander at Saloniki, intervened to prevent further bloodshed.

Take 15,000 Prisoners. Petrograd reports fighting in Volynia and in Galicia. The Russians also have seized a series of heights in the Carpathians and are moving westward along the Rumanian border of Bukovina. Petrograd claims the capture of about 15,000 prisoners.

The withdrawal of Austro-German lines south of the Zlota Lina-Dniester section is reported by Berlin. Progress by Russians west of Tarnopol is admitted, but Russian attacks in the Carpathians and near Lusk were repulsed, Berlin says.

Italian troops have occupied Tepeleni, Rome, and have captured the station and that prisoners were taken in the fighting along the Vojussa.

Germany reports the recapture of lost ground near Longueval and Delville wood, on the Somme front. London admits a German advance. On the east of the front in France there has been little activity.

No fighting is reported in Macedonia nor in Transylvania.

Petrograd claims the repulse of Turkish attacks west of Erzingan and west of Ognott, in Turkish Armenia. The rout of more than 20,000 divisions of Russians in the Turkish left wing is reported by Constantinople. Five thousand prisoners were captured by the Turks.

German forces in German East Africa are in full retreat. Lieutenant General Smuts, the British commander there, reports, Morgott, east of the German government, has been occupied by the British.

What Is Happening.

LONDON, Sept. 1, 11:43 p. m.—After two days of telegraphic silence with Athens, during which sensational rumors of a revolution have gained currency, but without confirmation, comes the startling news of the arrival of the Entente allied fleet with transports at Piraeus and that the general Greek elections likely will be postponed for a fortnight.

The brevity of the dispatches seems to indicate that something unusual is happening and developments are awaited with the greatest curiosity here.

From fragmentary dispatches reaching London, it is deduced that changes of decisive character have taken place in Athens and that the Greek de facto government has decided to abandon neutrality and ally itself on the side of the Entente.

Others take a more conservative view. The Times attaches small importance to Wednesday's revolutionary movement at Saloniki, declaring this is overshadowed by the news of the appearance of Entente Allied ships off Piraeus.

"This must be taken to indicate," it says, "that the Allies are weary of the equivocations and are resolved to battle the intrigues of their enemies."

The Chronicle discusses what it terms the great difficulties former Premier Venizelos must encounter in an endeavor to guide Greece. It says: "The Greek army in anything but ready for action, firstly because it has just been demobilized, and, secondly, because the personnel of its higher command and a portion of its officers corps are in the melting pot having been heretofore led by staffs largely composed of non-German officials."

The whole army now is in a pretty serious state of demoralization. The case of the nation is similar."

The Chronicle dismisses the rumors of King Constantine's abdication and similar reports of political changes in Athens as "quite unfounded."

ITALIAN ADVANCE IN SOUTH ALBANIA

Troops Said to Have Displaced a Greek Garrison

ROME, via London, Sept. 1.—Italian troops have begun an offensive in Southern Albania and have occupied Tepeleni, thirty miles southeast of Avlona on the Vojussa river, says today's official statement. The Greek garrison withdrawn from Tepeleni. Austrian attacks in the Brenza and near Cortina have been repulsed, the statement adds.

On the southern slopes of Monte Cimone, our troops surprised enemy forces. The enemy fled.

RAIL MAGNATES CONVINCED STRIKE IS AVERTED

Take Steps to Restore Movement of Freight Toward New York

SOME MEN LOYAL

Employees on Several Roads Protest Against Strike

CHICAGO, Sept. 1.—Convinced that Congress will force them to surrender, presidents of important western railroads tonight ordered rescinding or modification of the freight embargo established in preparation for a general railway strike. At the same time the railroad executives announced defections from the ranks of the railway brotherhoods, and declared they had enough men to operate trains, strike or no strike. This was denied by brotherhood officials.

Hale Holden, president of the C. R. & Q., spokesman for the railroads, said the railroads are convinced Congress will force them through the eight-hour day law before the date set for the strike, but they are taking no chances.

"It seems tonight that Congress will make us surrender," Holden said, explaining an order by his freight department revoking the embargo. "The Burlington and other roads have felt today that there is little chance for a strike so as not to lose business."

But we are going ahead with our plans to operate trains in the event of a strike. The strike order must be actually revoked before we let up on our precautions. We have men enough to run our trains."

Holden said that the railroads are claiming defection of thousands of thousands of brotherhood members, officials of the union, through Timothy Shea, vice president of the Brotherhood of Northern Railway Engineers, said the railroads habitually circulate "such stories and they have no fear that men would not obey the strike call."

Suits for injunctions against calling strikes were filed by individual railroads in the federal courts of the country, including a number of Santa Fe trainmen employed in Texas.

Chairman Higgins of the General Managers' Association of Chicago issued statements remarking that the railroads are prepared to run trains without deviation until formal notice of revocation of the strike mandate was received.

President Calvin of the Union Pacific at Omaha announced that the engineers of that line would remain holding themselves out to be involved in the movement, and he added that a very large percentage of conductors and trainmen would follow.

Chicago, Illinois, and Paul telegraphed President Garrison of the Brotherhood, that they would not walk out if ordered to do so, and a delegation of conductors of the Chicago and Northwestern was en route to Washington to oppose a strike before Congress and the brotherhood heads.

H. E. Byram, vice president of the Burlington road, stated that approximately 25 per cent of brotherhood members employed on that road had given promises to the company. The Chicago, Great Western stated that 20 per cent of its train crews would remain. A large number would remain with the Chicago, Rock Island and Pacific. It was stated at the office of the road.

THIRD OREGONS ARE ON WAY BACK HOME

SAN DIEGO, Sept. 1.—The First Battalion Oregon Infantry, which left San Diego last tonight, is expected to be back here by Monday, according to a dispatch tonight. The Oregon troops being among the number ordered from the border to state mobilization camps.

The Second Battalion is scheduled to leave for the north Sunday and the Third Battalion is expected to leave Monday. The troops will be supplied with fifteen days' travel rations.

A detachment of coast artillerymen from Fort Rosecrans will be sent to the camp at Imperial Beach, near the border, to guard the stores left by the state troops. These stores will be shipped north later.

RESTORE RAILROAD COMPANY, MEXICO CITY, Sept. 1.—The Mexican government today restored the Mexican Railway Company to its stockholders and granted it a loan of \$100,000,000 to conform to recent increases authorized on railway lines controlled by the Constitutional government.

CITIZEN SAILORS CONTINUE CRUISE

SAN DIEGO, Sept. 1.—Civilian blue-jackets from the states of California, Arizona, and Utah, who are making the John Paul Jones cruise aboard the cruiser South Dakota, will continue their training at this port until September 18, it was announced today by Rear Admiral W. F. Fullam.

LEHMANN SCORES USE OF FEAR TO FORCE CONGRESS

CHICAGO, Sept. 1.—President Wilson and the railway trainmen brotherhoods were criticized for their stand in the threatened railway strike in an address before the American Bar Association banquet tonight by Frederick W. Lehmann of St. Louis.

"If one man and one body of men can interfere with the Congress of the United States, as has just been witnessed, in connection with the proposed eight hour day law, then this will not be a country of, by and for the people," Lehmann said. Lehmann was formerly solicitor-general of the United States.

WARNS CANADIAN TRAINMEN NOT TO JOIN IN STRIKE

OTTAWA, Sept. 1.—Minister of Labor Brothers today warned Canadian railway workers that they would be liable to prosecution under the industrial dispute investigation act if they joined in the threatened strike. Most of the Canadian workers are affiliated with the American railway brotherhoods.

COAST SHIPPERS STILL ARE AFRAID

Measures to Meet Strike Conditions Continue in California

SAN FRANCISCO, Sept. 1.—Although announcement that the Erie railroad had used its general agent in this city that the road had canceled all embargoes on perishables and livestock added strength to the hope that a general strike on the country's railroads would be averted, strike preparations continued here just as if a real strike were inevitable.

The local members of the four brotherhoods' executive committee arrived here today from Washington.

Produce merchants here whose source of supply can be reached by water made arrangements today, it was announced, to charter a large fleet of power launches which will be used for towing produce barge barges to this market.

"Too Precipitate"

PORTLAND, Ore., Sept. 1.—A meeting of business men held under the auspices of the Chamber of Commerce today adopted resolutions protesting to the President and Congress against the principle of adjusting the threatened railroad strike by precipitate legislation.

Close Down Plant

GARY, Ind., Sept. 1.—The Acme Explosives Company closed its plant yesterday because of the embargo of the railroads on the shipment of explosives. One thousand men are thrown out of employment by the shutdown.

Every industry in the Gary district will stop operations. It was said today, should the nationwide strike take place Monday. Twenty-five thousand men would be out of work.

VILLA BAND DEFEATS CARRANZISTA FORCE

Bandit Has Recruited Force of 1,000 Since Victories

EL PASO, Tex., Sept. 1.—Francisco Villa with a force recruited as a result of his recent victories in the state of Sonora, to about 1,000 men, attacked General Huerta in the vicinity of Santa Ysabel and forced the Carranza leader, who had about 600 troops, to fall back toward Culiacan.

According to private dispatches here tonight, the Carranza forces estimated at about 20,000, while the Villa forces were said to have been less. After the engagement, Villa seized a freight train on the Mexican Northwestern which he had his men converting into a troop train.

A part of his force, according to the dispatches, was sent to the North from the line of the railroad apparently on a scouting expedition.

MAY APPLY FOR 320 ACRE TRACTS

SACRAMENTO, Sept. 1.—The greater part of government land open to homesteaders in the western sides of Shasta and Tehama counties, as well as a portion of the government land in Shasta county, has been declared available for the United States general survey.

The survey is to be conducted by the United States land office at Sacramento and will be completed by the end of the month.

RETURNS FROM CAMPAIGN

MEXICO CITY, Sept. 1.—General Pablo Gonzalez returned to the capital tonight from a campaign against the followers of Zapala in the state of Mexico. The report is received that he will again take command of the army in Mexico City.

HOUSE ADOPTS 8-HOUR BILL; SENATE TODAY

Brotherhood Leaders at Capitol Keep Check on Legislation to Please Them

WASHINGTON, Sept. 1.—Prevention of the threatened strike through an act of Congress seemed assured tonight after the House, by an overwhelming vote, had passed the Adamson eight-hour day law and the Senate had agreed to take a final vote on the measure not later than 5 o'clock tomorrow evening.

Although it is possible that Senate amendments may make conferences necessary, it is generally believed on both sides of the capital that when the test comes the House bill as it stands will be accepted and rushed to the President's signature. And while no formal announcements were forthcoming from the employees' brotherhood leaders tonight, it is authoritative stated that this will result in immediate dispatch of a role message calling off the general strike ordered for Monday morning.

The Adamson bill, as passed in the House by a vote of 235 to 58, with the amendments in the same measure which the brotherhood leaders officially declared yesterday would constitute a satisfactory settlement and prevent the strike. The amendments, added to conform to a draft framed by the Senate Interstate Commerce committee, would fix the effective date January 1 instead of December 1, 1918, and exempt railroads less than 100 miles long and electric street and interurban lines. Briefly, it provides:

"That eight hours work and the standard for reckoning compensation of railroad employees operating trains in interstate commerce after January 1, 1917, and

appointed by President Wilson shall investigate the effects of the eight-hour standard from six to nine months and then report to Congress, present wages not to be reduced and no investigation or for 'thirty' days, thereafter and overtime to be paid at a pro rata rate.

It was after a day of hot debate that the House passed the bill under the auspices of the Chamber of Commerce. Less than half of the Republicans followed their floor leader in the opposition and when the final vote came seventy or only fifty-six voted against the measure. Just two Democrats, Representatives Steele of Pennsylvania and Black of Texas, stood out against the bill, and Representative London of New York, the only Socialist, voted for it.

Powerful Wages. Red tape was eliminated so far as possible to pass the measure over to the Senate which after several hours of lively discussion over a commerce committee had agreed until 5 o'clock the Senate, 25 convened, the House legislation was there awaiting action.

The Senate committee bill, drafted during a late session last night and another this morning, was the same measure with the same amendments and adopted today by the House and an added section empowering the interstate commerce commission to fix the wages of interstate railroad employees at the end of the investigation and thereafter.

At the outset of the night session, Senator Newlands sought and obtained unanimous consent to put aside the Senate bill and take up the one sent over from the House. He was overruled from the House floor action by the way of a parliamentary formality that otherwise would be necessary. Then Senator Underwood brought up the issue over which the Senate is divided by proposing as an amendment the rate fixing provision of the discredited Senate bill.

Over three hours, Senators Newlands and Underwood advocating it and Senator Cummins making a long speech, the House floor action was there awaiting action.

## REPORT NO CHANGE IN JOHNSON VOTE

Three Supervisors Busy  
Officially Counting  
Ballots

All but eight precincts of the thirty-eight precincts in the third supervisorial district, in which J. H. Johnson and J. H. Burnett are candidates, were counted yesterday. There was no change in the standing of the two men. Neither won or lost votes. The remaining eight precincts probably will be counted today. To date Johnson leads Burnett by 11 votes.

It is not expected that the complete count will have been made before some time late next week. The counting supervisors, Johnson, Burnett and Hoffman will resume their work this morning. Neither Supervisor Johnson nor Hoffman are taking part in the election, although both were present yesterday in an advisory and watchful capacity. Representing J. H. Burnett, as a watcher of the count, was Roy Tugh, his son-in-law.

Johnson was present in person to guard his own interests.

The work of counting the ballots is a tedious task. J. H. Johnson and Roy T. Marshall, deputy county clerk, assisted by County Clerk Barnwell and Deputy County Clerk Reed Schaeffer took turns making the official entries as called by one of the three supervisors.

The only change noted yesterday in the official count was the loss of 10 votes by Supervisor Collins. This will not affect his standing materially as he is several hundred in the lead. A mistake in addition was discovered.

Scores of interested citizens listened to the calling of the tally yesterday by the official counters.

## Edward Preble Searches Long for Red Apple

Col. Edward P. Preble searched Fresno Thursday and yesterday for a red apple. Col. Preble made a gentlemanly wager with Stenwall Jackson, Slater, engineer, off and on of the elevator in the courthouse. The wager was made last Monday.

Col. Preble met Engineer Stenwall Jackson Slater in the latter's lift. The talk naturally turned to the event to follow the next day.

"Well, sir," said Col. Preble, "the honorable William H. Booth will surprise you Johnslaters tomorrow."

"He will, eh?" said Slater. "How?"

"How?" said Col. Preble, "because he'll walk away with the Republican nomination."

"Butcher he won't," said Slater.

"What'll you bet?" asked Col. Preble.

"Two to one," said Slater, "make it apples, and red ones, too."

The two gentlemen shook hands. The bet was on.

Thursday Col. Preble came smilingly into the courthouse elevator with an apple. It wasn't red, and Slater refused to accept it. The colonel thought Slater was not sincere in his demand that the apple be red, all red. But Slater replied that he would not be satisfied until he received the red apple.

Col. Preble hunted in various stores all over Fresno Thursday and yesterday afternoon before he found an apple of sufficient redness to satisfy Slater.

## FREIGHT TARIFFS TO REMAIN UNCHANGED

Scheduled Advance Postponed Until Dec. 30,  
Local Roads Say

East and west bond freight rates, scheduled for a sharp advance on September 1, will remain unchanged until December 30, according to word that has been received at the local railroad offices. The Interstate Commerce Commission at a recent hearing suspended the operation of the rates, due to protests of shippers and the complications resulting from the strike situation.

The rates asked by the railroads would have meant a decided increase in the cost of shipping dried fruits, canned fruits and beans in national long, from California points, and numerous increases in less than carload lots both east and westbound.

CARD OF THANKS  
We wish to thank our friends for their kindness and floral offerings.

## Today We Will Hold Our First Complete Display And Sale of Correct Fall Millinery

We Have Been Planning This Great Introductory Millinery Event for Weeks and Have Assembled Every Approved Mode

Andrea  
PARIS  
CHICAGO

We have been planning this event for the last two months and feel sure that this display of STYLES, QUALITY and the remarkable VALUES will well repay us for our efforts.

Consello  
IMPORTERS

Hundreds and hundreds of TRIMMED HATS, SHAPES, CHILDREN'S HATS and TRIMMINGS are here for your selection in the widest possible range of styles and colorings. This DISPLAY and SALE will begin today, Sept. 2nd and continue until SATURDAY EVENING, Sept. 9th.

During this period there will be EXTRAORDINARY VALUES offered to induce the women of this city to visit this department and get fully acquainted with the styles and service of this millinery department.

### Exclusive Model Hats

The most stunning and individual models that New York has to offer. Among them are many beautiful adaptations and modified copies of French Hats as well as original designs from New York and productions from our own workroom. The dress hats of the coming season are especially pleasing and effective, with the larger hats predominating.

Prices begin at \$10.00 and range to \$25.00

### Popular Priced Trimmed Hats

These hats have been selected with care and discrimination as the finest hats displayed in our department. A section where you may select a hat with the full knowledge that there is absolutely only ONE OF A KIND, that the STYLES are the newest and the QUALITY the best that can possibly be had, consistent with legitimate business. Since does not permit descriptions, but there are hundreds to choose from and new ones being added daily. You may always look for extraordinary values here.

Prices \$5.00 - \$6.50 and up to \$8.95.

### Smart Tailored Hats

A special section has been devoted exclusively to the most stunning and clever TAILORED TRIMMED HATS we could find. Hats that in New York and other fashion centers would be advertised as "HAT-MODEL" STREET and "ATTENTION" headwear. Tarkish, clever turbans entirely of ostrich, breast turbans, feathered turbans, broken turbans, floppy turbans are here in a tremendous range of colorings and variations of styles.

Prices \$7.50 and up by easy stages to \$15.00

### Our Untrimmed Shape Section

In best described by saying that you may come here and be sure to find the newest and most wanted Untrimmed Hats to be had. In a section of this department, a shop in itself, are featured the most extreme styles of fashion, conventional, modest styles, and, in fact, all shapes that are desirable for correct millinery wear.

Prices begin at \$1.95 - \$2.95 - \$3.95 and up to \$12.50.

### Misses' And Children's Fall Hats Galore

Hats that rival their elders in style, smartness and practicality. A large and varied section of mushrooms, pokes, droops, sailors and turbans in youthful colorings of red, blue, brown and many other colorings, made of the season's most favorite materials. Prices begin at 49c and up to \$7.50 each.

### New Trimmings For The Fall Millinery

This showing will be a joy to the home milliner and the woman who prefers to select her own trimmings. An exquisite showing of the new breast bands, fitted turbans, gold and silver flowers, medallions and many other entirely new and novel trimmings are in this comprehensive and complete trimming department at prices that are more than reasonable. Every known color of the season is to be had and our designers are at all times pleased to offer their assistance in combining shapes and trimmings to suit your taste.

This department is a recognized authority on Millinery and it is for this reason that we have not given a detailed description of the styles and colors, but wish to say that we are better and more fully equipped with a most comprehensive stock in everything of merit that has been brought forth in the millinery world this season, at our usual extraordinary low prices.

# FEDERAL BUSINESS--POLITICS

## ISLAND POLICY OF ADMINISTRATION IS CRITICISED

Hughes Comments on U. S. Rule in Haiti and San Domingo

Constructive Policy in American Business Is Wanted

KANSAS CITY, Mo., Sept. 1.—Charles E. Hughes, before an audience that filled the great Convention Hall here to its capacity, tonight assailed the administration for its policy toward San Domingo and Haiti, while it "professed inviolability of treaty rights and the sovereign rights of smaller states."

Hughes said: "I yield to no one in the respect to the sovereignty of states, great or small, for the inviolability of treaties, for rights under international law, but when we speak of the inviolability of small states and of their rights, what have we to say with respect to the course of the administration in San Domingo and Haiti, where today armed rule exists by our marines on the soil of these states?"

"We want in this country, professions to match practice. We want deeds to match words and we want a sure policy which will protect the lives of American citizens."

**Protection Wanted**

Hughes again declared for protection for American rights, American peace, American industry, and for "a businesslike administration of government."

He declared that his program was "constructive, not destructive."

"We are desirous to promote the success of the national ticket," Mr. Hughes said, "but we also desire to have both the Senate and the House, in order that we may have an administration that will achieve results."

"A sprinkling of Grand Army vet-

## Oregon Republicans Urge That Johnson Campaign the State

PORTLAND, Ore., Sept. 1.—An invitation was sent by the Oregon Republican campaign committee today to Governor Johnson of California, asking him to make a campaign speaking tour of this state in behalf of Hughes and Fairbanks.

Plans were scattered over the floor of the hall. In opening his speech, Mr. Hughes referred to the Civil War and the part taken by the veterans in preserving the Union.

"No one can tell me," Mr. Hughes said, "that we have lost the spirit of the nation. The same indomitable spirit is with us today and what we need is to hearken to its call."

America faces a test today, Mr. Hughes declared.

"The test is," he said, "whether this nation so preserved, shall achieve its highest ideals, whether it shall go forward or halt, whether it will be responsive to its ideals or will lose its tone and the spirit of its former life."

Before his address, Mr. Hughes was the dinner guest of the Republican Club. At the dinner were fifty G. A. R. veterans who voted for Lincoln. Some of the veterans sat on the platform with the nominees at Convention Hall.

**Wires to Roosevelt**

Upon his arrival here Hughes sent the following telegram to Theodore Roosevelt:

"I heartily congratulate you on your speech at Lexington and warmly appreciate your effective support."

En route to the city, Hughes received a telegram from Governor Johnson of California in reply to the congratulatory message sent by the nominee upon Mr. Johnson's success in the senatorial primary fight in California. Governor Johnson's message was as follows:

"I am very glad to receive your telegram of congratulation and I thank you for it."

Hughes entered the hall fifteen minutes late. The audience gave him a three minute cheer.

He was introduced by Walter S. Dickey, Republican nominee for the senatorship.

## PRESIDENT SIGNS CHILD LABOR BILL

Ceremony Is Witnessed by Group of Federal Officials

WASHINGTON, Sept. 1.—President Wilson today signed the child labor bill. The ceremony was witnessed by Secretary Wilson, Senator Robinson, Representative Keating, Julian Lathrop, chief of the children's bureau of the Labor Department, and a large group of men and women interested in the legislation.

"I want to say that it is with real emotion that I sign this bill," the President said, "because I know how long the struggle has been to secure legislation of this sort and what it is going to mean to the health and vigor of the country and also to the happiness of those whom it affects. It is with genuine pride that I play my part in completing this legislation. I congratulate the country and felicitate myself."

## South Carolina

COLUMBIA, S. C., Sept. 1.—The state convention of the Progressive party, meeting here yesterday, decided to put out a ticket for presidential electors unopposed and to offer a partial state ticket. No action regarding endorsement of Charles E. Hughes for President was taken.

## New Mexico

SANTA FE, N. M., Sept. 1.—E. C. DeBaca, lieutenant governor, has been nominated for governor, and W. C. McDonald, present governor, nominated for the office of lieutenant governor by the Democratic state convention.

The state Progressive convention organized today by electing Ralph C. Ely, who recently resigned as chairman of the state Republican central committee, permanent chairman. Resolutions were passed favoring equal suffrage and prohibition amendments to the state constitution.

## Planning Speeches

NEW YORK, Sept. 1.—Six recommendations in reference to the conduct of the presidential campaign of Charles E. Hughes were made to the Republican National Committee by the recently appointed advisory committee at its first meeting here today.

The nature of the suggestions was closely guarded. Another meeting of the committee will be held at Chicago about Sept. 13.

William W. Willcox, chairman of the Republican National Committee, Frank H. Hitchcock of the Republican National Advisory Committee and Chairman A. T. Best of the West National Campaign headquarters will hold a conference in Chicago Friday to arrange a speaking schedule for Charles E. Hughes, Theodore Roosevelt, Charles W. Fairbanks, William H. Taft and others who are to tour the central and western states before the close of the campaign.

## Benson Promoted

WASHINGTON, Sept. 1.—Rear Admiral William S. Benson, chief of naval operations with rank of rear admiral, was promoted yesterday to the rank of Admiral.

## NURSES RIOT AT MANILA HOSPITAL

MANILA, Sept. 1.—American nurses were called out today to quell a small riot growing out of a strike of the nurses and students of the general hospital. The strike began yesterday as a protest against the discipline imposed upon the hospital employees, and was fomented by a native newspaper campaign. The hospital service was badly crippled. Today the strikers gained recruits, and created disturbances which the Philippine police were unable to suppress.

Private nurses are volunteering to care for the hundreds of patients in the hospital.

## FUNSTON REGRETS LOSING GUARDSMEN

Hopes That Strike Situation Will Ease, and Change Orders

SAN ANTONIO, Texas, Sept. 1.—Hope based on the day's developments in the strike situation, that there might be no strike and that the ending northward of guardsmen would cease while most of the recalled troops were on the border, was expressed at southern department headquarters tonight.

Military men said that the organization of the army into provisional divisions would be handicapped by the loss of the 15,000 men recalled by the war department, but that the work could quickly be resumed if the northward movement ends.

Meantime, one regiment of the First Illinois brigade, the first, with regimental headquarters and the headquarters of the 1st and 2nd regiments of the 1st Missouri infantry, and the 3rd Missouri infantry, sent out from Laredo. Also the quarter master's department went ahead with plans for dispatching from the border and other regiments collected north.

General Funston announced that he had ordered the entire Arizona National Guard to concentrate at Fort Huachuca, west of Riebee. The guard, constituting much less than a regiment, has been split up and stationed along guard duty. It is being concentrated so that it can gain adequate practice.

## WILL NOTIFY WILSON TODAY

President Given Hearty Welcome at Shadow Lawn, New Jersey

LONG BRANCH, N. J., Sept. 1.—President Wilson was enthusiastically welcomed to his summer home here when he arrived tonight for the formal notification of his re-nomination tomorrow.

A cheering throng greeted him at the station and reception ceremonies were held at Shadow Lawn, the summer White House.

At Philadelphia on the way from Washington, the President received word that the bill for averting the threatened railroad strike was passed by the House and was being debated by the Senate.

A crowd of more than 500 persons was gathered at the station to receive the President on his fifth home-coming to New Jersey, since he entered the White House. Buildings were draped with flags and the entire town was in a holiday mood. The special train on which the President came with his wife, Mrs. Woodrow Wilson, and Dr. Cary T. Grayson, the White House physician, arrived shortly before 9 o'clock. Mr. Wilson was on the observation platform and cheering and handclapping broke out as the crowd caught sight of him.

An automobile parade was formed and followed the President's car to Shadow Lawn. There a reception committee was awaiting Mayor Marshall Woolley of Long Branch and Mayor A. G. Golden of West Long Branch delivered brief welcoming speeches and the President declared he was glad to be back in "New Jersey."

"I have been trying to get here for a long time but have been kept busy," he declared.

For thirty minutes Mr. and Mrs. Wilson remained on the broad veranda shaking hands with residents and then they entered the house.

Everything was in readiness tonight for the notification ceremonies tomorrow. At 1 o'clock the President and Mrs. Wilson will give a luncheon for Senator Ollie James and others of the notification committee, members of the national committee, members of the cabinet and other prominent Democrats.

Members of the notification committee will meet in New York tomorrow and come here together. The formal exercises will be held on the lawn. Mr. Wilson's reception home and the President will deliver his speech at 4 o'clock from the veranda.

The President plans to leave here tomorrow night for Washington, where he will arrive early Sunday. He will remain there only three hours and then will leave for Hot Springs, Ky., to deliver a speech Monday.

## FIRE WARNING FROM FEDERAL FOREST BUREAU

WASHINGTON, Sept. 1.—Warning to hunters on national forests to use greater care to prevent forest fires and avoid accidents to persons was issued by the Federal Forest Bureau today, in which the destruction of property and human life due to carelessness is emphasized.

## G. A. R. VETERANS ARE ADDRESSED BY HUGHES

Golden Anniversary Ends in Camp-Fire; Pittsburg in 1917

KANSAS CITY, Mo., Sept. 1.—The golden anniversary of the establishment of the Grand Army of the Republic came to a close tonight, and the thousands of Veterans were returning to their homes. The last event of the reunion was the annual camp fire of the National Association of Union ex-Prisoners of War, which was addressed by several of the present and former officers of the Grand Army.

Tonight many of the veterans were at Convention Hall, where Charles E. Hughes, the Republican presidential nominee, delivered an address.

Earlier in the day the Veterans had formed a guard of honor for him from the Union Station to his hotel.

The closing day was marked by the election of officers, William J. Patterson of Pittsburg being named to succeed Captain Ellen R. Monfort of Cincinnati as commander in chief.

## RELEASE MINISTER ON PARISHONERS' BONDS

SAN DIEGO, Sept. 1.—Rev. Amel Curtis Wright, elderly clergyman, who was arrested late last night on a statutory charge preferred by Barbara Reardon, a 17-year-old San Diego girl, was released from the county jail tonight under \$2,500 bonds furnished by two of his former parishioners at Ramona, near here. Wright's preliminary examination will be held September 5.

Accused with Wright in the case of the Reardon girl is Robert A. Hambley, member of an undertaking firm here. Hambley was arrested three weeks ago and held for trial in the superior court.

## TOO MANY SAVINGS

REYNOLDS ARMS, Sept. 1.—With the object of reducing the enormous stock of bank deposits, the National Bank of Argentina will propose to its depositors to purchase with their deposits securities of the Argentine government, which will give a greater interest than that given by the banks. The measure is endorsed by the government.

THE WONDER display for autumn is really inspiring and delightfully interesting, and its magnitude and completeness is impressive. The tour of inspection, which should include a careful view of the window displays as well as a visit to each department, will reveal a most carefully selected assemblage of new merchandise marked throughout with the seal of quality and distinction, but in no instance marked at an immoderate or prohibitive price—and this among the most interesting and agreeable features of the entire display—an accomplishment of WONDER SPECIALIZED SERVICE.

## RELEASE MINISTER ON PARISHONERS' BONDS

Pastor Charged With Offense Against Girl Faces Charge Sept. 5

SAN DIEGO, Sept. 1.—Rev. Amel Curtis Wright, elderly clergyman, who was arrested late last night on a statutory charge preferred by Barbara Reardon, a 17-year-old San Diego girl, was released from the county jail tonight under \$2,500 bonds furnished by two of his former parishioners at Ramona, near here. Wright's preliminary examination will be held September 5.

Accused with Wright in the case of the Reardon girl is Robert A. Hambley, member of an undertaking firm here. Hambley was arrested three weeks ago and held for trial in the superior court.

## Shantung Pongee 27c Yard New Autumn Suits for Labor Day \$14.75

## Store Editorial

## Promise and Performance

—By measuring the promises and performances of our fellows, we get the full measurement of the character within.

—In these days it is good to measure stores—their promises and performances.

—Be fair and impartial.

—Measure every value given by the store, under that principle which governs straightforward dealings—the square deal—and which has for its basic motive—quality—value—service.

—Compare the promises and performances of this store with those of others and observe how they always meet your expectations, and often run far beyond them.

—Here is another great sale of genuine Shantung Pongee, the ideal material for girls' school dresses, as it makes most serviceable, as well as charming school apparel. Washes perfectly, too. Today you can buy this pongee at almost the price of cotton goods. Just 10 pieces—so be early. They go on sale at 9 o'clock.

Yard 27c

—No Phone or C. O. D. orders

—MAIN FLOOR

## Autumn Hats \$9.98

—An assortment of beautiful fall hats has just been received from New York models that are copies of exclusive Paris creations. No two alike. Every hat has some marked style differences which makes it individual. They are in line with the latest in the autumn shades of purple, green, blue, black and champagne, trimmed in new silver and gold, and the new porcupine trimming. One is a stunning spider sailor—another is a draped tan model. About a dozen exclusive styles. See these beautiful hats early today. Remarkable values at \$9.98.

Shapes \$1.98

—Untrimmed velvet shapes—new styles for fall—sailors, tricornes, and small turban effects, in a full range of colors. Very special value at \$1.98.

—MEZZANINE FLOOR

—Every new autumn style is included in this great assortment of skirts—full flaring models with wide belts, large sport pockets, and button trimmings, in the widest variations. Made of fancy mixtures, stripe and plaid materials, and plain serges. The finest lot of skirts ever offered at \$5.98.

## Beautiful Styles In Serge and Poplin

—We secured these new fall suits for a special Labor Day offering. They are beautiful suits in the authoritative fall modes—so finely tailored from such excellent materials that you will hardly believe they are to be sold at \$14.75. They are really worth much more than this low pricing.

—The coats are in new flaring effects, and are 36 and 38 inches long, with new large collars. Some semi-fitted, others with wide belts. New model skirts. The materials are serges and poplins in the autumn shades. A large assortment in sizes 16 for misses, to size 44 bust measure for women—suits worth at least \$20, Special at \$14.75.

## Coats of Salts' Furtex At \$16.50

—These elegant coats are made of the rich cloth—Salt's Furtex. They are 45 inches long, and in double breasted styles, with large collars that may be buttoned close up around the throat, trimmed with mohair fur fabric. Lined throughout with Goetz satin. \$25 autumn coats at the special price of \$16.50.

## 100 Handsome Skirts Fall Styles, at \$5.98

—These elegant skirts are made of the rich cloth—Salt's Furtex. # Society

A cablegram received by Mr. and Mrs. J. A. Henningsen from Central America, announces the marriage of their daughter, Alice, to George C. Pettus of San Francisco, and also that of Miss Katherine O'Brien of Los Angeles to Ralph V. Dewey. Mr. Pettus and Mr. Dewey were room-mates at the University of California, and left for Central America last January, where they are representatives of the Charles Hutton Mining Company.

The two brides, accompanied by Mr. and Mrs. Leslie of San Francisco, sailed on August 6 on the S. S. Newport, and were met at Acapulco, Mexico, by the respective bridegrooms. A double wedding ceremony was performed at sea on August 26, Captain Trask performing the ceremony. The two couples are to make their residence in San Salvador.

Mrs. Edna Orr James returned last night from a most enjoyable visit of some weeks in Portland, where she was the house guest of Mrs. W. J. Hawley. While in the north, Mrs. James was taken on a number of interesting motor trips to various resorts in Oregon.

An interesting item is culled from the San Francisco Call of last evening's issue:

"Sealing a romance which began on the campus of the University of California when they were students, Miss Lella McKibben will become the bride of Vernon Russell Churchill at the home of the bride's parents in Northbrae, Berkeley, tomorrow night in the presence of seventy-five relatives and friends. Mrs. J. Warren McKibben will be matron of honor for her sister, and Miss Margaret Taylor of Piedmont the maid of honor. The bridesmaids will be Misses Margaret Witter and Miss Mary McKibben. The

bride is the daughter of Mr. and Mrs. Justin H. McKibben, and a graduate of the university. She holds membership in the Kappa Kappa Gamma society. Churchill is the son of Mr. M. H. Churchill of Euclid avenue. Mr. Churchill is well known locally, having for several years been the editor of the Kerman News.

Mrs. J. S. Jones will return on Tuesday from San Francisco, where she has been spending the summer.

Mrs. Lachar Peck of San Francisco is the house guest of Mr. and Mrs. Z. G. Peck.

Miss Beth Armstrong returned on Wednesday from Portland and other points of interest in Oregon, where she has spent the summer.

Mrs. Thomas H. Lynch and daughter returned yesterday from a summer sojourn at the southern beaches.

Mrs. T. R. Meigs and Miss Anne Meigs returned last night from Pacific Grove, where they have been enjoying a few weeks' sojourn following an earlier summer outing in southern California.

Mr. and Mrs. Irvine Allen and children have returned from Sequoia National Park, where they spent a very pleasant summer.

Mrs. Walter Robb of Berkeley is spending a few weeks in town as the guest of Mr. and Mrs. Alex Robb.

Mr. and Mrs. John Henry Lyons are at home after a summer sojourn in the west, where they visited relatives in Minneapolis and also in Chicago.

Miss Fannie Rosendahl has returned

Mother Philoso prizes on Failure

The Stenographer Daughter was looking rather blue. "Every thing seemed to go wrong today," she said in reply to her mother's question as to why she seemed so depressed. "I made a lot of mistakes, and forgot some important matters. I should have attended to I do not believe I am cut out for a stenographer after all. I guess you have to have certain abilities for that sort of work that I haven't got."

Mother glanced at her keenly. "I do not believe there's anything, from the president down, who doesn't believe at times that he's a misfit, and had better get into something else. It seems to be human nature to think that way."

from a pleasant summer outing in southern California.

Miss Jessie Bowen returned on Wednesday from Long Beach, where she has been spending several weeks.

Miss Ellen Henningsen has returned from a two months' sojourn at the southern beaches.

Miss Anne Henningsen is enjoying a fortnight's outing at Cascares.

Mrs. S. Koplan and her daughter, Lucile, have returned from a six weeks' outing in San Francisco.

Mrs. Arthur Howard and daughter, Marjorie, have returned from a summer vacation spent in San Francisco.

Mrs. Jack Halnes and daughter, Almee, are at home after a holiday sojourn in San Francisco.

Mrs. D. T. Winne and children have returned from a summer outing in the Bay cities. Mr. and Mrs. Winne and family will motor to California Hot Springs for an over Labor Day sojourn.

Mrs. Ida Anderson returned on Thursday from Long Beach, where she has been spending the summer.

Mrs. P. J. Wakefield has returned from Colfax county, N. M., where she has been spending a month or two with relatives.

Mr. and Mrs. J. D. Wilson, Mr. and Mrs. A. T. Yeargin and daughter, Vern, and Mrs. G. Adams and daughter, Viola, and son, Verne Adams, were a congenial party of Fresnoans who returned yesterday after a summer's outing at Long Beach and other southern California resorts.

Miss Marguerite Marion Jackson left Fresno yesterday to spend a few weeks with her parents in Berkeley. Miss Jackson intends to complete her study of law at the University of Southern California and will resume her course this fall.

Mrs. A. Gray and daughter, Lore, have returned home from Santa Cruz, where they have been spending the summer.

Mr. and Mrs. J. S. Reeder entertained a number of friends very delightfully with a dinner party in honor of Dr. J. Harvey Deere on Thursday evening, complimenting him upon his birthday. Covers were laid for fourteen at two tables made lovely for the happy occasion with a color scheme of white and gold, the centerpiece being rustic baskets filled with French marigolds from which radiated yellow satin ribbons.

The guest list follows: Dr. and Mrs. J. Harvey Deere, Mr. and Mrs. Charles Hays, Mrs. Neva Helmreich, Misses Bettie Mae Deere, Nellie Ireland, Alena Wright, Louise Reeves, Messrs. Walter Huff, John Allen, William Kendall, Waldo Williams, Jesse Reeder.

Miss Lily Patigan, who leaves today to make her home in Modesto with her sister, Mrs. Richard Fair, was delightfully surprised by a number of her young friends last night at the

"It just seemed today as if I wasn't doing anything that was worth doing, anyway. Just nothing but letters day after day. Seems as if life is made for something better than that."

"That's another phase of the same thing," sympathized Mother. "Everybody has it. Sometimes I feel what is the use of everything cooking, cooking. And Father says he gets so tired, sometimes, selling out, he hates the look of even anything black. He thinks it's a milder way to spend life."

"Well, it does seem so," said the Stenographer Daughter. "Especially when you and Dad and I, too, could probably do something better than what we are doing, if we had the chance."

"And the chance?" repeated Mother. "Patience can make chances. The whole subject is a mighty big one and has a lot of twists and turns in it. But as to having a chance, I believe this: If you dig into whatever you are doing and do it with all your might, do it so fully and thoroughly that you know you cannot better your work, if you will have a craving to do something better, the way will open for you. And this isn't chance. It is just the intelligence in you, your mind, your abilities, desiring to get all the expression possible in a certain environment and there is still power in them, they'll make a new channel of expression. It is just like a river seeking an outlet. If it burst through a mountain eventually, so if you want to get into a bigger job, you just fill the one you have completely and then some, and you'll break over."

The Stenographer Daughter looked dubious. "Seems to me I am mostly filling it."

"You may be filling it mechanically. But dynamically, just try it. And as for the sense of being a failure, which as I say every one at times has, you want a little trip or some pleasure, to make a change. Your work is piling on you. You are losing appetite for it. But even a change of some sort for a little while is only an outward showing of what really happens to your mind. That is where the real change takes place. You begin to believe in yourself again. That's the real need. And you can believe in yourself, you can believe in your own mind, without any outer help. If you want to. You are a created being, created by a power outside of yourself, and ordinary common sense tells you that you must be created for a purpose. This power would not create a failure, nor create something purely useless. If you will just put that thought into your mind when you begin to think of yourself as a failure, and of your work as being of no value, you will be amazed how it will lighten. You reflect what you think. So think things that strengthen and encourage. Instead of those that weaken and depress. Only," cautioned Mother, "you must think the truth. Thinking lies won't help. But you know you can do good work, that your work is useful and necessary. It is only once in a while that the other ideas come in. And when they do, get after them, run them out, by knowing the truth about yourself."

The Stenographer Daughter smiled brightly. "I feel better already."

"Of course you do. A little dose of truth is a good thing once in a while."

## Wife, Aged 70 Years Says Husband Does Not Support Her

Mrs. Ella Prindle, aged 70 years, through the Fresno County Humane Society, applied for a warrant for the arrest of her husband yesterday, on a charge of failing to provide for her. The wife declares her husband deserted her several years ago. She has supported herself since that time, and now unable to work, she has appealed to the authorities in the hope that some action may be taken, to force her husband to support her.

Frank M. Prindle, for whom the warrant was issued by Judge Graham, lives in Stockton, and according to his wife has property there.

home of her uncle, Mr. DeHovosopian. The evening was spent with games and music, and refreshments were served at a little hour. The party broke up with many expressions of sincere regret for the departure of Miss Patigan, who has lived for many years in Fresno and has made a host of friends in this city. She is a sister of Miss Patigan, one of the leading sculptors of San Francisco.

Judge J. S. Mahon of the Superior bench of Tuolumne county, and his son, Ronnie Mahon, and his sister, Mrs. A. C. Ronnie and husband, were visitors in the city yesterday. Judge Mahon motored from his home to San Diego and is now enroute back. Yesterday he called upon District Attorney McCormick and talked over old times, the two having been school-mates together.

**FOUND 8¢, CONSCIENCE PRICKED, SO RETURNS SUM TO POSTMASTER**

"Most Conscientious Man on Record" Puts Local Office in Quandary

The most conscientious man on record has been discovered, and Postmaster Earle Hughes says he can prove it. This man, who lives in a northern city, declares that in 1902, before he had attained grace, he found in the lobby of the post office building the sum of 8 cents in two-cent stamps, and he herewith returns them for proper action, on the part of the post office department. Anyone who is convinced of losing such an amount on government securities during the summer months of 1902, and can convince Postmaster Hughes of the truth of that conviction can have the lost stamps restored, for the P. M. is in a quandary as to just what to do with the four stamps. The letter is as follows: "Some time during the summer of 1902, 14 years ago, I was in the lobby of the post office in your city and found four two-cent stamps. I did not understand at that time that articles found in the lobby should be turned in to the office for proper treatment. Since that time I have become convinced and am sure things differently, hence I enclose the amount in stamps that you may turn them in to the post and found department."

Whether or not this sum will be turned in to the federal government's

## How to Keep Well, Talks on Health

By DR. W. A. EVANS

Professor of Hygiene in Northwestern University and Former Health Commissioner of Chicago

### ALCOHOL VS. HEALTH.

No health authority anywhere advocates the use of alcohol as a medicine, food, or beverage. Until a few years ago health departments were silent on the subject. At the present time a considerable minority of the health departments are actively campaigning against drinking. Among this minority are some of the best in the country. The May bulletin of the New York city health department is filled with proof that the use of alcohol is bad from every standpoint. Arthur H. Hays, secretary of the New York Life, gathered the opinions of the actuaries of seven leading life insurance companies on the following five questions:

The hazard on lives of men who drink moderately each day but who occasionally drink to excess several years ago?

What is the expectancy of persons who have taken a cure for alcoholism several years ago and have been total abstainers since that time?

He concludes that abstainers have from 10 to 20 per cent lower mortality than consummators. The American statistics corroborate the British in indicating the unfavorable effect of alcohol on longevity.

On the question as to the life expectancy of men who have taken the cure and who have been total abstainers for years he finds that there is an extra mortality of 50 per cent. Men who had cured themselves had an extra mortality of 32 per cent. As compared with these percentages of increased mortality, the steady, free users of alcohol had an increased mortality of 88 per cent.

The principal organic disease which results from drinking is cirrhosis of the liver. The rate from this disease among drinkers as compared with abstainers was increased 500 per cent. A moderate drinker who occasionally drank to excess ten or more years before would be regarded as a hazardous risk and would be charged an extra premium. The company would take into account the man's age and his family life.

As to the third question, Hunter says: "The feeling exists among medical men that, while there is a markedly favorable effect on longevity through a first class family history, it is not an offset to a habit of three glasses of whiskey daily, which in a ready percentage of cases will be exceeded in the future."

As to the first question, the companies answered that it was not necessary

to charge an extra premium for or to reject the persons who take alcohol daily provided it is in moderate quantities. If there is no history of excessive drinking in the past, the moral risks are good and the man has self-control; the ordinary premiums are high enough to carry the risk. A difficult question is what constitutes a moderate drinker. Life insurance companies are disposed to rule that a person who takes more than Anstie's limit is not a moderate drinker. Anstie's limit is one and a half ounces of alcohol daily—equivalent to two glasses of whiskey or about six kitchen tumblers of beer.

### OLD FORM OF TONIC.

"E. H. writes: 'Will you kindly give me your opinion of nuxated iron, advertised extensively now and endorsed by Dr. Cobb and Dr. Williams. In your opinion, is it a good blood remedy and tonic?'"

### REPLY.

I have been informed that it is an old and well known form of iron with the addition of a few drugs of secondary importance. It is as good as the other forms of iron but no better.

### WEANING THE BABY.

X. Y. Z. writes: "I find it necessary to wean my nine months old baby. Is it necessary to consult a physician about the matter?"

"2. Advise me the best diet to put him on."

"3. Should I wean him hurriedly?"

"4. Should I use a bottle or a cup and spoon for him?"

### REPLY.

1. Probably not. At least get Holt or Tweddell or some other good little book on how to care for the baby.

2. Begin with one bottle a day. Use following formula: milk, eight and one-half ounces; water, eleven and one-half ounces; sugar, three-fourths ounce. Give nine ounces at a feeding. If this agrees, slowly increase the strength until the proportions are thirteen and one-half ounces of milk to six and one-half ounces of water. After a few days give two bottles a day. Give him some orange or prune juice, crackers or toast, and permit him to suck a chicken bone.

3. Wean him slowly. The slower the better. Nurse him once a day if you cannot do better.

4. You will have to use a bottle, but change to a cup and spoon when he is 12 months old.

### HAVE URINE EXAMINED.

Miss B. C. writes: "I have congestion of the kidneys. I am so sensitive across my kidneys every little cold I take congests them, or the least worry or overwork or strain on them. I do not worry much, but the least does affect my kidneys so bad I can't stand any tight clothing across my kidneys on waist line. My urine is scanty, more offensive, and has a settling in it also."

### REPLY.

You should have your urine examined. I do not think you have any trouble with your kidneys, but you should have the examination. Kidney trouble seldom causes lameness in the back. My guess is that you have muscular rheumatism. You do not drink enough water by half. I feel certain, nor do you exercise enough. I expect an examination would show that your teeth or tonsils are bad and that in consequence you have muscular rheumatism.

## SPEEDING SPEED COP SUCCEEDED BY TRAINED EXPERT IN LOGARITHMS

Glamor of Life Lost When  
Scientific Method of  
Work Is Shown

A "speed cop" according to the colorful imaginings of the average motorist, is a lean, battle and collision-scarred individual who "totes" a brace of quick firers, wears a star fashioned from a pie tin, and rides a motorcycle that is in low when making 50 miles an hour.

Guess again.

A motorcycle traffic officer—if one may take W. L. Aubrey as a definition—is a wholly different.

He is not lean or scarred; he has but one gun—never fired as yet—and his star would get lost in a vast pocket.

He rides a motorcycle, it's true, but it seldom gets above thirty miles an hour.

For the rest of the picture see the motor chasing hero reclining under a tree, stop watch in hand, plotting curves and studying his "log" tables. That is how it is done.

There is more of a glamor and thrill to a scene in which the "doughy" officer runs his motorbike at rag time, and butts, Ford's and other obstructions off the road when they become obstreperous. Only it's never done. Reason—evidence with which to secure a conviction.

Yesterday Aubrey "pinched" three car owners for going over the Herndon bridge more than 10 miles an hour. Ernest McClusky, the speed cop of Madera county, stood at the other end, and said a fine of \$15 each.

Reimes they worked out new mathematical law proof snarls.

For instance, Officer Aubrey is under a tree. Motorist approaches bridge at questionable speed. Aubrey turns over which is a signal to McClusky, and said a fine of \$15 each.

When the motorist reaches the other side the watches are stopped when McClusky gets up from the ground.

McClusky looks at his watch. It reads 20.5 seconds. He then arrests the motorist for a nicely computed distance at the rate of 30.27 miles per hour. When he appears in court the next day, he faces two perfectly timed stop watches, and a figure perfect table, carried out to four decimal places. He may gulp if he wishes, which is permissible when one has to pay a \$15 fine without the privilege of calling the officer a liar.

Aubrey yesterday arrested H. A. Byers and M. Miller of Fresno and J. L. Annette of Bakersfield. Annette, L. Williams, Thomas Jordan and W. L. White, each paid a fine of \$15 each to Judge Graham for like offenses.

"Things are improving," said Aubrey last night. "They are finding out we are on the job pretty regularly."

For those who would like to know, the Herndon bridge is 304 feet long. According to Aubrey only may travel the distance in 44 seconds without being arrested, which is allowing the motorist is miles an hour instead of 10.

Dr. Victor Aronson, osteopath, has returned, 214 Bowell building.

## WILL FINISH WELL NEAR FAMOUS GUSHER

K. T. & O. Has Drilled  
Into First Sand Near  
Lakeview Well

MARICOPA, Sept. 1. — A low well which was started by the Kern Trading & Oil Company directly opposite the old Lakeview gusher, about two months ago and which has been drilled to a depth of 2,200 feet with a rotary by the Head Drilling Company, under contract, has been turned over to the K. T. & O. company to be finished under the contract which calls for the 10-inch casing to be landed at a depth of 2,200 feet. This the drilling contractors accomplished with but little trouble and are now removing the rotary table and tools. At a depth of 2,100 feet, the sand from which the old famous Lakeview gusher gave forth its enormous production, was encountered and passed through. The sand which gave forth more than 8,000,000 barrels of oil to the Lakeview well, was found to be almost dry, showing scarcely a trace of oil when tested. The well was drilled deeper and will be finished in

## ASSOCIATED PASSES REGULAR DIVIDEND

Work on Pipelines in Valley Causes Suspension of August Payment

LOS ANGELES, Sept. 1. — Announcement is made that the Associated Oil Company has passed the expected dividend payment to stockholders on the ground that the money is needed just now for the enlargement and improvement of its field of operations. In this connection it is known that the Associated Pipeline Company, controlled jointly by the Associated Oil Company and the Southern Pacific, is doubling the capacity of its line between Bakersfield and Mendota.

The improvements and the installation of new equipment in fourteen oil stations will cost \$1,500,000, according to reports. On completion the line will have a capacity of 28,000 barrels a day, instead of 14,000, the present capacity.

A second fund which is now giving several wells in that vicinity their production.

## CALL IS MADE FOR G. P. STOCK

SAN FRANCISCO, Sept. 1. — The first inquiry for the new stock of the General Petroleum Corporation was received in this city yesterday in the form of a telegram from New York offering 11-4 per cent for a ninety-day call on a block of this issue at 50. This figure is about 25 for the present certificates for deposited bonds, or about 4-1/2 points over the present local market.

## CALIFORNIA LEADS IN OIL REFINERIES

Has 76 of the 302 Plants;  
Value Is \$81,000,000;  
Capacity 211,300

Total investment in oil refineries in the United States is estimated to exceed \$428,000,000. The total capacity of the 302 refineries is more than 1,000,000 barrels of oil a day. California leads all states with 76 refineries, turning out 211,300 barrels daily, and the estimated investment is \$81,000,000.

These facts in connection with the oil refining industry are pointed out in the Oil City Derrick by H. G. James, secretary of the Western Refiners' Association.

Of the 1,000,000 barrels capacity the Standard Oil Company owns 500,000 barrels. Against the capacity of 1,000,000 barrels a day the country is producing oil at the rate of slightly more than 800,000 barrels a day, the record for 1915 showing a daily average output of 824,000 barrels.

James estimates the value of the pipes lines supplying the refineries at \$200,000,000, making a total investment of \$628,000,000.

A list of the petroleum refineries follows:

State	No. of Refineries	Barrels Daily	Estimated Investment
California	76	211,300	\$81,000,000
Utah	1	500	35,000
Colorado	2	6,000	\$25,000
Wyoming	1	24,000	15,500,000
New Mexico	1	150	15,000
Kansas	21	44,250	8,252,000
Oklahoma	41	105,070	17,500,000
Missouri	3	12,000	2,138,000
Texas	23	173,800	47,500,000
Louisiana	16	42,130	7,500,000
Illinois	11	73,850	8,800,000
Indiana	1	60,000	25,000,000
Ohio	10	30,500	6,000,000
Pennsylvania	54	108,470	40,000,000
New York	11	42,000	50,000,000
New Jersey	10	111,000	105,000,000
West Virginia	6	4,500	2,250,000
Maryland	5	20,500	5,250,000
Kentucky	1	.....	.....
Tennessee	1	.....	.....
Totals	302	1,049,345	\$428,000,000

Of the refineries in the state of California, nineteen are not in operation.

## BEGIN WORK ON NEW OIL WHARF

SAN PEDRO, Sept. 1. — Work on the new wharf for the Standard Oil Company is being advanced rapidly. Meanwhile the Kerkhoff-Cramer docks are at the present being used by the Standard Oil tankers. The new wharf is being built on the city for the use of the Standard Oil Company, who entered into an agreement with the city whereby the oil company will pay six years' rent in advance of \$31,000, which equals the cost of construction of the wharf.

## TO EXPEND LARGE SUM IN DRILLING

TAFT, Sept. 1. — There is authentic information to the effect that the California Well Drilling Company has signed contracts for the drilling of fourteen new wells in the field adjacent to Taft and that work will be begun at once. These contracts will require the employment of hundreds of men, and as the average cost of drilling a well in the neighborhood of \$20,000, it means the distribution in wages and supplies of at least \$280,000.

## UNITED TO TAKE OVER CASE LEASE

LOS ANGELES, Sept. 1. — The lease on thirty acres of section 2, 11-23, in the Maricopa district, formerly held by the C&M Mineral and Petroleum Company, has been purchased by the United Oil Company. The purchase was made from a title insurance company, which had located on a trust deed. Three wells on the property, from which a production of heavy oil was obtained and which have been on the non-producing list for a long time, are now being cleaned out, preparatory to being placed on the pump.

## STANFORD WANTS BAN ON POKER PARTIES

Taking Steps to Discourage Them Says President Wilbur

STANFORD UNIVERSITY, Cal. Aug. 31. — "If you join a fraternity and they make you drunk the first night, quit them the next morning," was the advice that President Ray Lyman Wilbur gave to freshmen this morning at the annual welcoming assembly. "Don't let a pledge blind you," he continued.

President Wilbur told the assembled students that steps had been taken for the discouragement of poker parties and advised them that cutting classes, dodging examinations, and cribbing were merely expedients for cheating themselves.

"If a man has a big bank account," the president suggested, "let him keep quiet about it. We want men who may be in the Four Hundred but we do not desire the ciphers."

Six hundred and ten new students have enrolled this year with a total registration of 1,974 against 1,862 last year.

A course in military instruction added to the curriculum this year according to President Wilbur will begin tomorrow when a non-commissioned army officer will take charge of the drill. Military training will not be compulsory.

# Real Estate and Building

## St. Alphonsus Parochial School Will Be Completed Next Week

Representing an expenditure of \$15,000, the St. Alphonsus Parochial school, corner of Olander and Trinity streets, near Kearney Boulevard, is nearing completion and will be ready to receive pupils on the opening day, September 11.

The school building is a two-story wooden structure, 112x50 in dimensions, facing on Trinity street. There are four large class-rooms on each floor, opening on wide verandas that run the length of the building across the front. The entire east side of the building is composed of glass, for which room is most completely lighted, ventilated by air windows and shutters across one side, and other windows at each end of the room. The rooms will be steam-heated, there being two coils in each. Each room is lighted by a large indirect fixture. Three wide entrances afford access to the building from the street. The entrance on the first floor, and the two side entrances lead to the stairways. Drinking fountains are placed for the convenience of the prospective pupils both on the verandas and in the hallways.

Plans for the eight class-rooms is on the way, and will be installed some time next week. The most modern equipment is to be used. The blackboards are of the latest type, green in color, and resistant to the eraser.

This is the fourth building that has been erected by St. Alphonsus parish since the first little church was built in 1909. A parochial residence, the new church, cottages for the sisters, and now the new school have since been erected. The original plans call for the erection of a college building, which it is understood will be built sometime in the next few years.

## OFFICE BUILDING IS CONTEMPLATED

### Owners of Mason Block to Remodel or Build New Structure

Plans are being considered for the remodeling of the Mason building on J street, next to the Bank of Central California building, and it is being rumored that possibly a modern office building may be erected on the property. So far plans are very indefinite and as the owners of the block do not live in Fresno, it is not known what they will do. At present the block is not being leased. The Mason block has a frontage of 100 feet and three lots extend to the alley, Hubert Bryant is the local agent.

## RANCH IS EXCHANGED FOR DAIRY PROPERTY

### \$30,000 Realty Deal Is Completed by Reedley Firm

A \$30,000 land deal between Mrs. Mary E. Hackett of Reedley and J. W. Center and wife, who reside near Fresno, was completed this week by Charles W. Huey, a realty operator of Reedley.

In the transaction Mrs. Hackett traded a 160-acre unimproved property situated near Navadilla for a well equipped dairy ranch located 10 miles west of Fresno. The dairy ranch consists of 131 acres and includes 45 head of good dairy stock besides other ranch stock and all necessary machinery and equipment for conducting a first-class dairy proposition.

The Hackett ranch, which figured in the deal, consists of 100 acres of land suitable for the cultivation of all kinds of deciduous or citrus fruits. The new owners expect to proceed soon with the work of putting the property under a high state of cultivation and to place a dairy ranch on the property into one of the best fruit ranches in the district.

## WOODWARD BUILDING HAS BEEN REMODELED

### New Show Windows Have Been Installed; to Handle Autos

The lower floor of the Woodward building at J and Kern streets, owned by the Woodward Company, has been remodeled with new show windows put in with the expectation of taking over an automobile agency. The company will continue in its present implement line. New floors have been put in, the exterior repaired and the colonial line of architecture has been followed. The remodeling work cost about \$2,000.

## TO REMODEL ST. JOHN'S SCHOOL

Plans are being completed and bids will be called for soon by Architect Kump for new service buildings and an addition to St. John's Catholic school. New dressing rooms will be constructed near the stage in the school building and there will be other additions and alterations. The work will cost about \$2,500.

## ROWELL BLOCK IS BEING COMPLETED

The new business block for Mrs. Rowell on Van Ness, adjacent to the Sequoia hotel, is being rushed to completion and will be ready for occupancy within a week. The building, which is a two-story brick and wood in the neighborhood of \$10,000, was designed and constructed by R. P. Feichtner.

## TRADE FARM FOR APARTMENT HOUSE

An apartment house at Tenth and E streets in Reedley has been traded to W. B. Miller for a 10-acre ranch southeast of Reedley, that was formerly owned by Jacob Bonfigliani. The apartment house has ten apartments.

**BREAK GROUND FOR GARAGE**  
Ground has been broken for the Peacock garage on J street near Merced. R. P. Feichtner is the builder and designer. The garage will cost about \$3,300.

**Time for Peaches and Cream!** To get full palate-joy with maximum of nutriment for the day's work eat them on shredded wheat biscuit—a complete, perfect meal, easy to prepare, appetizing and satisfying. In **Shredded Wheat** all the body-building material in the whole wheat grain is retained, including the bran coat, which promotes bowel exercise.

Fresno.

Circulation guaranteed to equal that of any newspaper in Fresno.  
Suggestions solicited.

## EDITORIAL

Service at Bowman's has always meant a great deal more than it is usually considered to mean. It has meant making Bowman's a place to get what you want, instead of taking what we have to sell.

That is the reason why we tell you where you can get what you want, and that we do not have instead of trying to sell you something else. We want our customers to consider us as a friend. We want to sell what is desired. It has been a policy which has won us the lasting friendship of thousands of people.

Service in the store has been interpreted by us to mean courtesy, no and of pains to get what is wanted, low prices at all times, quality guaranteed as a matter of course. It is this sort of service which has built up such a splendid business and which has made people associate the name "Bowman's" with the best there is in drugs.

## WOMEN OF TASTE INVARIABLY SELECT VERGO VIOLET

Though we have every leading make of toilet water, and a stock that includes the imported as well as the domestic, it is a fact that the favorite of them all is Vergo Violet Toilet Water. We consider this a high testimonial of quality and satisfaction.

If you have never used it, we suggest that you let it be your choice next time and test out its quality. Bottles 75c and \$1.25.

## NEW STYLES IN FALL HAND BAGS SHOWN BY US

Now the new styles are arriving. Our stock is chosen from the largest manufacturers and is purchased in the huge quantities that the Bowman stores use. It permits of low prices. The prices you find in our store are the very latest.

One of the latest, for instance, is the strap hand purse, very novel and very convenient. It is roomy enough to have real value and it is shown by us in patent leather, velveteen, muslin, and silk. The prices are from \$1.50 to \$5.00.

The reputation handbags are shown in a large assortment of sizes and styles. Some have fancy lining of silk and moire. Mirror and coin purses. We are showing these in various and in leather. There are many attractive ones and excellent values at \$1.50 to \$5.00.

See them in our show windows and then come in and ask about them. We have always had a big stock of handbags. Our stock is always complete. It is always up to date. The prices are always right.

## PROTECT YOUR SKIN WITH BENZON CREAM

Did you come back from your vacation with your skin roughened and red or tanned and sunburnt? Of course that was all right when you were on your vacation, but it is scarcely an agreeable or pleasant thing now that you are home.

Keep a Bottle of Bowman's Benzon Cream in Your House All The Time

Had you used Bowman's Benzon Cream this condition would have been prevented. And it can be quickly removed by the use of this excellent preparation. It is a standard cream and has been used with perfect satisfaction by many of our patrons for many years. You will find it a great assistance. A bottle of it should be kept on hand all the time. It has its winter uses as well as its summer uses. 25c bottle.

## HAVE YOU EVER TRIED OUR LIGHT LUNCHES?

We have achieved a real reputation for providing dainty and appetizing lunch. We have given the preparing and planning of them considerable attention and it has been appreciated.

Our soda fountain has been a favorite place for several years. The delicious cold drinks, ices, creams and sundae have become known to most of the people of Fresno. You'll find our cold drinks department well filled each evening and afternoon.

When you are up town on a shopping trip and find it inconvenient to go home; or if you wish to take a friend to a cool, cozy place for a light lunch, or if you habitually take your lunches up town, you will be interested in the lunches we prepare and delighted with the service. It is a matter of pride with us to serve the best and we are determined to maintain this reputation. When you come to Bowman's you can depend on getting the best there is. You are certain of satisfaction. Try it any day.

## AUTUMN SNAPS MAKE PICTURES YOU'LL CHERISH

You'll have many opportunities for splendid snapshots with your kodak this fall. Some of the best pictures are possible during this beautiful season of the year.

Let us equip you with the kodak if you haven't any, or with the materials if you have. If you have never used a kodak, have never tasted the delights of kodaking, let us loan you a kodak for a few days. We will instruct you so you can be sure of getting some good pictures.

A kodak on a hunting trip or a fishing trip is a nice thing to have for then you are SURE to come back with something to show for your trip. It is something that you will always remember your good times with, too.

Then when your films have all been exposed, bring them to us to have developed and finished. Our reputation for this work is actually nation wide. We have a large plant in Oakland where expert workmen work under perfect conditions. They have the best equipment. The standard is high. The work is all inspected.

## KEEP COFFEE HOT 24 HOURS

You can do it with a Thermos Bottle. Or you can keep lemonade or any other drink hot for 24 hours. A Thermos bottle is a non-conductor of heat. It is the greatest convenience you ever heard of. It is just the thing when you go on

long motor trips. It is ideal to take with lunches. Students and workmen can make splendid use of them. Pint size, \$1.50 to \$2.50. Quart size, \$2.50 to \$3.75. "Posi" with children probably appreciate them most of all as they can keep them at the proper temperature without having to be heated again.

## TEACHERS—HAVE YOU FOUNTAIN PENS?

The teacher who has used one knows that there is nothing more convenient than a fountain pen. We have the WATERMAN, the best made. If you have one that is not satisfactory, that is not giving you good service, trade it in for a Waterman.

## ADMISSION DAY TO BE FAIR'S FEATURE

### San Diego Exposition Expected to Attract Thousands

The biggest Admission Day celebration in the history of the state is scheduled for San Diego at the Panama-California International exposition on September 3. Various parades of the Native Sons and Daughters of the Golden West will add to the program.

Last year Admission Day was formally celebrated at the Panama-Pacific International exposition at San Francisco, and although this occasion was the greatest in the history of the state, officials of the 1916 exposition set out months ago to present a program that will be remembered as long as the one offered by the Golden Gate. Carl Holstrom, vice president of the exposition, was chosen chairman of the Admission Day celebration and his committee has arranged such interest in Southern California that San Diego parades are to be instituted September 3, just prior to the exposition's big sale day. The events of the day will begin at 10 o'clock Saturday morning, with a parade which will include U. S. soldiers, sailors and marines from the U. S. war vessels in San Diego harbor, automobiles decorated with flags in the union, the early events in California history, children dressed as California pioneers, hundreds of school children in picturesque garb riding on elaborate floats, and many features that will be in the nature of surprises.

The parades will arrive at the exposition grounds at 11 o'clock in the morning and the formal ceremonies will be held at the organ pavilion immediately following. The orator of the day will be Judge Davis of San Francisco. A series of special events are to be offered on the Plaza de Panama during the afternoon and at 6 o'clock President A. G. Davidson will give a dinner at the Cristobal cafe to the grand officers of the Native Sons and Daughters of the Golden West. This dinner will be open to all visitors at 11:00 a. m. The open-air built to be held on the Plaza de Panama from 7:30 to 9:00 p. m. will have many new features and several bands will provide continuous music. Following this dance on the plaza games and contests will be offered on the isthmus as a part of the Admission Day carnival which will run until midnight.

## It's a Pleasure

to announce to the public that we have secured the best sausage maker in the state

### Herr Rudolf Harpain [Hamburg, Germany]

He is not only the best, the cleanest, the neatest, the most reliable and competent sausage maker on the Pacific Coast, but he is an artist in his line, and with good meat, first class help and up-to-date machinery, he is in a position to make the fanciest sausage in Fresno. ## GIRLS BETTER THAN BOYS WITH PICKFORD DRAWINGS

### Mary Pickford Would Like Backgrounds Artistic

This is Mary Pickford as "Hulda from Holland," and you children must color it artistically and arrange an original background to win prizes.

Wake up there, boys. The girls are going way ahead of you. Looks like you don't want any watch or other prizes.

You ought to see the beauty pictures the girls have been handing in, regular little artists.

Now, listen, children: some of you have rung up and wanted to know just how to go about it—what to cut out and what kind of pasteboard to paste it on and what kind of colors and which paste, etc., etc.

Now, the judges don't want you all to hand in your drawing colored with a blue sky, and pink cheeks, and blue skirt—anybody can do that, and the one that does that isn't going to win much of a prize. Of course, you can decorate the cardboard to your heart's content—there is a chance for originality.

It's the child that makes it look different, prettier than all the rest, that is going to win the prize.

Now, start right in with this picture above, and do it differently than you

did the last time. Just sit down and think—scratch your head a little—what kind of cardboard, how big, what kind of a border, etc., etc.

Original—that's the word; make it original. Talk it over with mamma and papa and get their ideas; look at all the pictures in the house, and see just what you can do to make different from any other one.

Now, here are the rules again; read them over and be sure that you have them right:

First, cut out the entire picture of Mary Pickford neatly.

Second, paste it on cardboard.

Third, now color it as artistically and as carefully as you can.

Fourth, use crayons, do not use water colors or ink.

Fifth, write your name, address, school and birthday on the back.

Sixth—important—the only writing up the front should be your age.

Seventh, have this finished and into the educational department of the Fresno Republican by 5 o'clock on Sunday afternoon, September 3.

## APPOINTED TRAVELING S. P. PASSENGER AGENT

G. C. Drake, Formerly of City Office, Is Given New Position

Greaver C. Drake, formerly of the city freight and ticket office, has been appointed traveling passenger agent for the Southern Pacific. The appointment was effective yesterday. Drake will cover territory from Stockton to Mojave, with headquarters at Fresno, reporting to District Freight and Passenger Agent C. H. Jackson. All branch lines will come under his jurisdiction, including the Yosemite Valley Railroad.

The new passenger agent was for four months in the Fresno city office, and has been an employee of the Southern Pacific for some years. He has been agent for the company at both Visalia and Hanford, will take the vacancy in the city freight and ticket office.

ASK TO BUILD WALK  
 A petition of the city trustees was filed yesterday by Kaufeld & Tompkins and R. E. Tompkins to build a five-foot sidewalk, and curbing in front of lots 1-15 on Fourth street and lots 16-24 on El to Way.

ONE teach in colleges is—the OWL is a mighty good nickel smoke. That's a bit of smoker's information you young fellows will learn when you get started for yourselves. Congratulations!

## POSTAL EMPLOYEES NOW HAVE SEVEN HOLIDAYS

No Mail Service on Labor Day; Congress Passes Holiday Act

There will be no deliveries of mail on Labor Day. Postmaster Hughes states. The local post office has been advised that by reason of a recent Act of Congress all postal employees must be granted seven full holidays during the year, namely, New Year's Day, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas.

Heretofore, it has been the policy of the Fresno post office to endeavor to effect at least one delivery of mail on each of the above-mentioned holidays except on rural routes, the law having set aside these days as complete holidays for rural carriers. The amendment now provides that all employees who are required to render service on such days shall be given compensatory time off within 30 days after the holiday.

The effect of this order will be that hereafter on these holidays the office will be closed all day, and no deliveries of mail will be made either by carriers or by window service.

No hardship or inconvenience to the public in general will be experienced, Postmaster Hughes believes, as experience has shown that business concerns almost entirely on these holidays. Deliveries were made by the local office on these holidays primarily that the mail matter might not stack up thereby increasing the work of the carriers on the ensuing day. It is thought that by starting the carriers earlier the next day a regular schedule can be maintained.

## WATCH AND \$50 ARE STOLEN BY BURGLARS

One Thief Condescendingly Leaves Victim 65 Cents

A rooming house burglar or burglars operated with some success Thursday night when they obtained in all \$50.75 and a watch.

Charles Erickson occupied a well-furnished room at 1057 L street. There being no beds, he curled up on the floor and, for safety's sake, tucked his wallet inside his shirt. In the morning the wallet was in place. It contained but 65 cents, however, the remaining \$50.75 having escaped during the night.

A report from the management of the Back rooming house, 1135 J street, informed the police that a burglar had entered one of the rooms, where he stole \$55 and a watch.

## DENIES BUYING STOLEN GOODS

Water Wares, charged with receiving stolen property, pleaded not guilty when arraigned yesterday before Judge H. Z. Austin in the Superior court. Ware is charged in an information filed by District Attorney McCormick with having purchased property he knew to have been stolen. The last in question is said to have consisted of automobile accessories, and belonged to C. V. McIntyre. The trial has been set for September 15.

 Subscribers to the Fresno Republican, who get the paper by the Republic's carriers, are urged to request addresses, giving both the route letter and box number. An immediate compliance with this request will be appreciated. Address Circulation Department, Fresno Republican Publishing Co.

Goodman's: The home of Hart Schaffner and Marx Clothes

To men and young men---

## Fall Clothes Are Ready

This store contains at this moment one of the largest and best stocks of Hart Schaffner and Marx clothes ever offered in Fresno.

When we say "large" stocks, we mean your advantage in selecting; when we say "best" stocks, we mean best for you.

In other words, we've selected these goods for their quality-value to you; they're brought together with the idea that they're going to be worn, not simply that they're going to be sold. The way they wear, the service and satisfaction they give--that's our best profit.

Pick your fall suit from a store that's in keeping with the clothes they sell.

## GOOD PRICES FOR ALL GREEN FRUIT

Last Shipments Before Embargoes to Reach East Tonight

Yesterday's green fruit sales in the east were very good and exceptionally good in Pittsburg where cars grossed more than \$1,500. The last of the green fruit shipments sent from California before the embargoes will reach the eastern markets today.

E. M. Ellis for the California Fruit Distributors reports the following sales:  
 Minneapolis \$1586, Cleveland \$1525, New Orleans \$1248, St. Paul \$1065, Portland \$1607, and Chicago \$1188, \$1105, \$1223 and \$1198, Philadelphia \$1100 and \$1255, Boston \$1193, \$1327 and \$1374, New York \$1248, \$981, \$1318, \$1024, \$1391, \$1204, \$1250, \$1142, \$1220 and \$1262.

## FARM JOURNAL CLUBBING OFFER

Subscribers to the Fresno Republican who are engaged in farming or are interested in the subject will be sure to want this paper's new club of magazines. This club consists of Orchard and Farm, which is Luther Burbank's official organ; the California Poultry Journal, authoritative in its line; and the Woman's World, well-known ladies' magazine. In order to secure this excellent combination, any Fresno Republican subscriber, whether new or old, needs only to make a payment of one dollar and eighty-five cents (\$1.85) if he desires the Republican by mail, or two dollars and fifteen cents (\$2.15) if he desires the Republican by office carrier. The Fresno Republican will then be sent to the subscriber for three months, and the three magazines will be sent for one year.

All letters with regard to this offer should be addressed to the Magazine Department, Fresno Republican, Fresno, Cal.

## "WHERE ARE MY CHILDREN." STARTLING PHOTO-DRAMA

## SENSATIONAL "CHEAT" ENDS BIG REVIVAL WEEK

A scene from "Where Are My Children"—Starting at White tomorrow

From present indications, a record-breaking house will greet "Where Are My Children?" which will be presented for the first time in Fresno tomorrow afternoon at the White theatre. The picture will continue at the White for one week, and Manager Barton feels particularly fortunate in securing this much discussed silent photo drama for a week's engagement. The picture played to record crowds in New York, and even New Yorkers were astonished at the things that were revealed by the silent drama. The photo play has just

Fanny Ward as the "woman" in "The Cheat"—Kinema today

Perhaps no picture shown during the last year caused as much interest as did "The Cheat," not only for the boldness of the theme but for the perfection of the production. Not Justified in Feeling Hurt. That some persons should have felt completed a most remarkable run in San Francisco, and comes to Fresno tomorrow with the understanding of the clergy. Trying to play the part of the district attorney who prosecutes a physician for an illegal operation, only to learn that his own wife is one of the doctor's patients. It is the tale of the oriental and his ideals meeting with the western morals. The clever, wily, scheming rich man who with his vast fortune has been able to acquire whatever he would, playing with the flighty little American Society woman, to whom money is paramount and who allows the flame to come just a little too close to her wings. Of course a startling development takes place that leads from pie to another until that greatest of all courtroom changes that has ever been filmed, with its searing masses of fighting humanity bent on lynching, with nothing but a miracle to stop them. When all is said and done, this film forms a wonderful ending to what has proved the most wonderful week the Kinema has ever attempted. Tomorrow Doug Fairbanks appears in a perfectly new comedy, wherein he tries to get his picture into the papers and we have to go to surmise to what ridiculous extremes he resorts.

## Mission Play

The sale of seats is now in progress at the White theatre for the engagement of the Mission Play on Monday and Tuesday nights, September 11 and 12, and orders coming in fast from the surrounding country. The Mission Play in its wonderful pageantry tells the story of the sacrifice of life itself to duty in the tale of how the saintly Frey Junipero Serra devoted long days and starry nights to labor for the salvation of the Indians of California. It would seem most fitting that, as John McGroarty has made Frey Junipero live again in the witchery of his work, that the sons and the daughters of the race he lived and suffered for should show to the world such a some part of the wonderful picture of that old time. There are nearly 100 people in the cast, making the company one of the biggest on the road.

When all is said and done, this film forms a wonderful ending to what has proved the most wonderful week the Kinema has ever attempted. Tomorrow Doug Fairbanks appears in a perfectly new comedy, wherein he tries to get his picture into the papers and we have to go to surmise to what ridiculous extremes he resorts.

## BIG BURLESQUE SHOW AT PLAZA AIRDOME TONIGHT

A popular show girl with the James Post Musical Comedy Co.—Plaza

The last two presentations of "Hot Nights in Coalinga" will be given this evening at the Plaza Airdome, concluding one of the most successful engagements of the season. "Hot Nights in Coalinga" is positively the most successful burlesque show with a substantial underpinning of comedy, and accompanied with pleasing musical numbers. The humor of the piece is chiefly furnished by James Post and Al Bruce, who, as two traveling mountebanks, cut capers that would make a person laugh. Another comedy number, which won one of the prizes, is that of Snicker, the chimney sweep, in which part Frank J. Rogers makes a splendid hit. Among the prize musical selections that round out the show, is the beautiful ballad by Fred Fox, "What a Wonderful Evening It Is," and "When the Angels Are Singing," by Josephine, which is one of the features of the evening. "Queen," High Diving Dog, to Leap Tonight. Those who have seen "Queen," the famous high diving dog, make her daring leap for life at the Plaza Airdome, will have another chance to witness this thrilling performance this evening at 7 o'clock and again at 9 o'clock. These exhibitions are held in front of the Plaza Airdome, at the corner of Broadway and K streets, and are free to the public. The "Inchless" show, "The Girl Who Never Saw a Man," comes to the Plaza Airdome tomorrow evening. California Motor Service, slight one-hour trip, "Phone 1225, 717 Eye street, near 10th and Broadway.

## TOO WEAK TO FIGHT

The "strong" man was really rather weak. His weakness was because of overwork, lack of exercise, and a bad habit of drinking stimulants to satisfy the city for a long time. The weakness was because of overwork, lack of exercise, and a bad habit of drinking stimulants to satisfy the city for a long time. The weakness was because of overwork, lack of exercise, and a bad habit of drinking stimulants to satisfy the city for a long time.

## TINY TOTS HURRY FOR JUNIOR BOOSTER HATS

All Wearers of These Hats Will Be Admitted Free to Fair

Junior Boosters, from very tiny little fellows to boys and girls 16 and 12 years of age, are wearing the Junior Booster Hats which have become famous among the children of this season. They are being worn extensively in many of the towns of Fresno County and the valley. Children who wear these hats will be admitted free to the Fresno District Fair. In the meantime they wear them to help advertise the date—September 26 to 30—and thereby make the fair the success it deserves to be.

The Fresno Republican is making it possible for the little folks of the valley to visit the attractions they like so well and do it without cost.

In another part of the paper is a coupon which is to be cut out and brought to the Republican office with ten cents. This entitles the bearer to a Junior Booster Hat. It is to wear it every day from now till the fair is over. Hundreds of little tots are wearing them.

For the little girls and boys who live outside of Fresno and who cannot come to Fresno to get a hat the Republican has made arrangements whereby the dignified agents of the Republican will handle hats. So from Modesto to Bakersfield these hats are being distributed and worn and travelers in all parts of the valley are reminded of the big fair by the Junior Boosters.

THAT PAINFUL CORN Can be cured with S. B. Corn Paint when all other remedies fail. Genuine only to be had at Smith Bros' Drug Store.

## Clears Complexion

Don't worry about skin troubles. You can have a clear, clean complexion by using a little Zemo, obtained at any drug store for 25c, or extra large bottle at \$1.00. Zemo easily removes all traces of pimples, black heads, eczema, and ringworm and makes the skin clear and healthy. Zemo is neither watery, sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable. Zemo, Cleveland

## 3,000 TO MARCH IN LABOR DAY PARADE

Expect Great Outpouring  
of Local Unionists  
on Monday

Line of March Is Given;  
Covers Practically  
All Downtown

That more than 3,000 union labor men will walk in the great parade scheduled for Monday, Union Labor Day, was the estimate arrived at by the Labor Day Committee of the Labor Council, the report of which was read at the weekly meeting of the council last night.

In addition to the great outpouring of staunch supporters of the labor movement, the committee reported that many beautiful floats, many of them being of the type of the most successful events ever held in the valley.

The line of march to be followed by the paraders was agreed upon by the committee at the meeting and is as follows: Start at Kern and I streets, in front of the new auditorium, march west on Kern to I street, thence north on I street to Market, thence east on Market street to J street, thence south on J street to Tulare, thence east on Tulare to Van Ness avenue, thence north on Van Ness to Fresno, thence east on Fresno to M street. From this point the men will counter-march to Van Ness avenue, to Kern street,

## Circumstantial Case Only Faces Mexican Selling Woman's Hat

Jose Garcia may not be a thief. Officially he has denied the allegation before Judge Briggs. All that stands between Jose and freedom is a plausible explanation of why at 15 minutes past midnight Thursday, he was trying to sell a much-depended hat to a Chinese for 25 cents.

Garcia says he found it in front of a hotel. Apparently there is none to dispute him, not even the owner. Officer Shoun just "didn't like the looks of the thing," and upon his own authority made the arrest.

where the parade will disband. By this time, it is reckoned, the hour will be close to the time set for the afternoon baseball game and a large crowd is expected to march to the field. One of the snappiest games ever fought here between the Building Trades and the Labor Council teams is expected.

For the evening the unionists have planned a grand ball at the Auditorium and judging by the number of tickets already spoken for, a record crowd will attend to wind up one of the most successful days to which Labor has ever played the part of host.

That no discord shall mar the peacefulness of the Labor Day program, it was practically decided at the council meeting to forget for the time being all labor quarrels now in the hands of various committees and to devote all their energies to the success of the day's program.

This refers, in particular, to the big packers strike. A charter for the new Packing House Employees Union has been sent for and pending the arrival of this, the situation shall remain at a standstill. It was decided after the celebration, however, it was hinted, plans would be set in motion to enforce the demands of the packers in all the packing houses.

## LABOR COUNCIL AND TYPOGRAPHERS PART

Business Methods Fail to  
Meet Approval of  
Typos

Trouble Brewing More  
Than Year and Half  
Is Report

Discussion broke out in the ranks of Fresno labor unionists again last night when Typographical Union No. 144 failed to send delegates to the weekly meeting of the Labor Council and resolved to withdraw completely its moral and financial support from that body.

For more than a year trouble has been brewing in the Council by reason of the manner in which certain business transactions have been carried out by the central labor body. The chief issue has been over the conduct of the Fresno Labor News, and at a number of meetings of the Council the representatives of the typographers' organization have called the attention of the chair to these disorders. Apparently, they hold, no attention was given their complaints, and the defects pointed out by them have been allowed to exist, they say, without the slightest effort being made to correct them.

### Delegates Resign

Last month the delegates to the Council tendered their resignations, it being generally understood in labor circles that unless the Council immediately steps to correct these certain business affairs, no new delegates would be elected to the Council and the typographers would withdraw from that body completely.

The following resolution of the Typographical Union was given to the Labor Council last night:

### Text of Resolution

"Whereas, At the January, 1915 meeting of this union, a set of resolutions were passed that, owing to the manner of conducting the business of the Fresno Central Labor Council and the Fresno Labor News at that time, that if such policies were not changed within the following month, this union would withdraw its delegates from said body at its next meeting, and

"Whereas, This union had reason to believe at the February, 1915, meeting that the Labor Council had somewhat changed its tactics and was doing what it could to uphold true unionism in this community, the said resolution was not put in effect, and the union's delegates were instructed to do their utmost to help the Labor Council to bring about a settlement of all differences which we have reason to believe they did; and this union has continued its affiliation with said body ever since, and

"Whereas, At the July, 1915, meeting of this union, the three delegates representing this union to the Labor Council tendered their resignations, as such delegates believe of the fact that they had come to the conclusion that the Council was being run and controlled by interests disadvantageous to the best welfare of the rank and file of organized labor of the city, and no delegates were elected at said meeting to fill their places, and

"Whereas, The laws of the International Typographical Union do not make it compulsory that this union keep affiliated with said central body, but only recommends it, therefore, be it

"Resolved, That Fresno Typographical Union No. 144 does not elect delegates to fill the vacancies in the Fresno Labor Council caused by the resignations of a month ago, and that this union hereby withdraws its moral and financial support from the said Fresno Central Labor Council and Fresno Labor News until such time as the union is convinced that that body is rationally, conservatively and sensibly working for the upbuilding and for the best interests of true Unionism and not for the advancement or gain of any faction or factions, political or otherwise, and be it further

"Resolved, That a copy of these resolutions be placed upon the minutes of the union and a copy mailed to the Fresno Central Labor Council to advise it of our action."

Will Pay Some Debts  
Members of the Council refused to discuss the withdrawal of the typographers, except to admit the seriousness of the situation and to express regret over the filing of such action at so close a date to the annual labor celebration.

Following the reading of the typographers' resolution a motion was made and carried that the Council shall pay certain outstanding indebtedness of the Fresno Labor News.

## PASSES FOREIGN COIN AS TWENTY

The police and sheriff's office were yesterday asked to locate a "distinguished," well-dressed stranger, who succeeded in passing a South American coin, valued at 24 cents, on Miss Robinson, cashier at Zapp's Park, for a \$20 note. The cashier gave the man \$19.80 for the coin, keeping the 10-cent piece for admission to the park. There is no description of the man other than that he was a "distinguished," well-dressed and handsome.

It will be well to see that the child's eyes are not going to be unduly strained by school work.

An examination will tell.

## Which Bank?

An account in this bank insures safety for your funds, a maximum of service and the limit of proper accommodation.

## Farmers National Bank of Fresno

Resources \$3,000,000  
4 Per Cent Interest on Term Deposits

## Individual Flavor!

Woodford County, Illinois, is just as famous for its extra fine quality of Sweet Corn as Fresno County is famous for its fine Raisins.

—and—  
There is much more Woodford Brand Corn consumed by Woodford County people than of all other brands of corn combined.

They know how it is canned.

## Quality!
